## Unit 2 – Interview Questions

The questions are a starting point only. Consider what you already know about your family’s history and social history and what you would like to know. For example, you might be interested in learning about the types of meals an ancestor or family member cooked and ate. Write additional questions that will help you to get the information you are looking for.

Name of Interviewee: \_\_\_\_\_

Date of Interview: \_\_\_\_\_

1	Who was the first person in your family to come to Canada? Name?	
2	When and where did he/she arrive?
